## PAGEANT STAGED LAST EVENING

### Participants Receive Encomiums For Its Splendid Success

### 3000 PERSONS PRESENT

**Teachers Greatly Assisted in Drilling Children. —Twelve Numbers Pulled Off Without a Hitch.**

Between 2500 and 3000 parents and friends of our public school children journeyed out to the High School grounds yesterday afternoon to witness the annual school pageant, which was scheduled to take place in the latter part of May, but, owing to the unsettled condition of the weather, it was decided to postpone it to a later date. The crowd was large and enthusiastic, and the children as they always do, make a splendid showing. The weather was ideal for the occasion, neither too hot nor too cold; and to say they enjoyed it, especially the younger ones, is to put it mildly. They seemed to be in the height of their glory when gamboling over the broad high school campus, which can be made one of the most beautiful athletic fields in this section, if not in the entire State, the necessity and upkeep of which should be felt by every public spirited citizen. Our children need a playground and they need it badly, not only when the schools are in session, but during their vacation, and this is the ideal center for recreation grounds.

One could not help being impressed, when he saw 1600 youngsters of the West End, Lee, and Washington Schools march into the grounds in charge of their respective teachers, and take the places reserved for them. It seemed that each little boy and girl felt that it was showday, and they were the whole show, and it was up to them to make good and they did it to the satisfaction of those who had the good fortune to be present.

The twelve numbers went off with out a hitch. To make special mention of any paniicular one would be very unfair. Suffice it to say that every number was well rendered and showed careful training. The Flag Drill, by about forty little boys of Washington School, trained by Miss Douglas and Miss Burkett, was well rendered and beautiful. The patriotic air of these little fellows seemed to please the audience immensely.

The Clap Dance by sixteen little girls of Lee School, under the direction of Mrs. Martin, showed that these little ones know how to keep time with the music and do just what it said.

The Allied Drill by the children of West End School was well received especially the fancy dancing of little Misses Powers, Duffey, Rolph, Swan, Ballenger, Marshall, Watkins and Ceril Jackson.

Miss Summers, Miss Johnson and Miss Ale are to be congratulated upon the success of this number.

Next came the Daisy Chain by about twenty girls of the 4th and 5th grades of the Lee School, all dressed in pure white with a rope made of the wild daisy went through a beautiful drill without a mistake.

Miss Hammerly and Miss Mendenhall are responsible for the splendid training of these youung girls. We must not forget the sturdy lads of Washington School, our future soldiers and sailors, who under the direction of Mr. Ryan, added very much to success of the pageant by giving a beautiful exhibition of army calisthenics.

The Old Virginia Reel considered a little out of date by our modern dances, but nevertheless always enjoyable when well rendered, was participated in by 24 girls who showed some of the older folks how this old timer should be danced. Mrs. Martin and Miss Mendenshall caught the crowd with this number.

The Health Play, one of the features of the entertainment was rendered in excellent style under the direction of Miss Grigg.

The Health Song led by Master Talbott Haslett showed that our children can sing when properly directed.

The presentation of Knighthood Pins by Miss Mary Monroe, school nurse, was the concluding number, but no means the least.

The queen of the day was Miss Maria Harmon, wo with her maids of honor, presided over the exercises of the day with grace and dignity. The crowning of the queen one of the attractions of the occasion took place at the beginning of the exercises.

### OPPOSE PROHIBITION LAW

**Physicians in Convention Advocate Retention of Light Wines And Beer**

Atlantic City, N. J., June 14.—Following the lead of the American Federation of Labor asking the retention of beer and light wines, many prominent physicians attending the annual convention of the American Medical Association went on record in favor of the lighter beverages.

The keynote was struck by Dr. Lambert Ott of Philadelphia, before the section on pharmacology and therapeutics, who characterized his paper as "Forty Years' Observation Among Beer, Wine and Whisky Drinkers."

"Whisky," said Dr. Ott, should be relegated to the sickroom, but beer and light wines should be permitted for beverages purposes, as they are a necessity under modern conditions of life and do no harm. Beer drinkers are a healthy lot, they are good natured and have plump children, while babies of whisky drinkers are shriveled and look old."

Dr. J. Solois Cohen, of Philadelphia, indorsed Dr. Ott's views, characterizing the prohibition movement as "an unreasoning wave of hysteria, unsound in principle and dangerous in practice." He assented that the American people, if deprived of the use of wine and beer, would turn to the use of alcohol contained in patent medicines and would therefore be taking drugs of various kinds in addition to alcohol.

The views of Dr. Ott also were supported by Dr. Albert Rousell of Philadelphia, recently returned from France. He called attention to the increasing use of narcotic drugs as presenting a formidable menace to American institutions, and said the excessive use of soda fountain drinks would cause more damage to the stomach than would wine or beer.

### TRAIN KILLS FOUR IN AUTO

**Engineer Saw it Flash Before Him as Crossing Was Reached**

Mercer, Pa., June 14.—Four persons were kiled instantly and one was seriously injured Wednesday afternoon when an inspection train on the Pennsylvania Railroad struck an automobile at Jackson's crossing, 7 miles from this place.

The only person who witnessed the accident was the engineer of the train, who said he saw the car flash before the engine just as the crossing was reached.

The accident was due to the grade of the road at the point where it crosses the tracks and to the fact that the approach for both automobiles and trains is blocked from view by heavy wooded hills.

### URGES AGAINST STRIKE

**Secretary of Labor Wilson Addresses the Federation of Labor**

Atlantic City, June 14.—Secretary of Labor Wilson, addressing the Convention of the American Federation of Labor yesterday, counseled organized labor not to participate in the proposed national strike for the liberation of Thomas Mooney, convicted of complicity in the San Francisco bomb plot. He said the Government was investigating the evidence in the case in connection with the movement for a new trial for Mooney, and that workingmen could not properly constitute themselves a jury to try him.

Villa is said to have appeared suddenly one day in the village and ordered all the inhabitants out for a fiesta. The marriage, according to the traveler, was performed by a former judge, with two of the villagers as witnesses. Afterward there was a feast and a dance, at which Vila introduced his bride, a girl of 20, and delivered a speech. ### SAVES $100,000 WITH BULLET.

New York, June 14.—The alertness of an elderly bank messenger, who pursued six hold-up men down the stairway of an uptown Manhattan Elevated station and felled one of them with a revolver shot, frustrated a daring attempt at daylight robbery here yesterday. The robber who was shot was fleeing with a bag said to have contained $100,000 in securities taken from David Ryan, the messenger who did the shooting, and Henry Boylan, employes of the Colonial Bank, who were taking the funds to the Federal Reserve Bank.

The robbers had put Boylan out of business by pressing a wad of cotton saturated with chloroform to his face, while Ryan was stunned with a blow from a blackjack. However, as the thugs ran toward the street, Ryan followed them and fired four shots at the group. The man withe bag collapsed, releasing his hold on it and while his companions were carrying him to an automobile, Ryan retrieved the valuables.

The holdup occurred at Eighty-first street nad Columbus avenue and the robbers, of whom the police have a fairly accurate description, made off in a green touring car from which the license plate had been removed.

## FEEDING MILK TO HOGS

While a neighboring city is said to use only about one half as much milk as it needs, with the result that the disease of rickets in common and tuberculosis is worse than in other cities, and while 20 per cent. of the school children are estimated to be undernourished, the city has had a surplusage of milk since last December, according to the chief of the Bureau of Food and Dairy Inspection, and has thrown away thousands of gallons a week.

In reply to a question about what became of this milk, the official says dealers, for the most part removed the cream, which can be stored. The skimmed milk which remained, some of them shipped back to the farmers to be fed to the hog and some gave it away in the neighborhoods to those who asked for it, while others threw it away. The greatest amount wasted probably was about 50,000 gallons in the week in which the surplustage reached the peak of approximately 70,000 gallons.

This is interesting at a time when milk is selling at a higher price than ever before known in the history of the nation.

## THE RETAILERS TRUST

A Baltimorean says "we suffer from the effects of the most oppressive and relentless trust on earth—the retailers' trust. The abundant supply has no effect on the prices of anything. The only question with the trust it. How much can we get, as we have the whip hand? Me and Gott and Busy Bertha are in full control. They have ready made excuses for everything.

"During the war, and up to the very day the armistice was signed, the retailers told us they could not get the goods, and that was cause of the high prices. But the day after the armistice was signed the same retailers said that it would be a long time before there would be any lower prices, as they had stock on hand bought at high prices. Yesterday they could not get the goods; today they have immense stocks on hand. Does any one believe either flour. One third of it is cornmeal.

"We pay today $16 per barrel for flour. One third of it is cornmeal and barley. Everything we get is adulterated. We pay 75 cents for butter that foams and sticks to the pan like paint so you can't fry an egg in it. So-called syrup is simply glucose, flavored and colored. The lack of nutriment in our food is sending many to premature graves."

The Sun in commenting upon present conditions says millions of people in this country are experiencing some measure of the same form of torture as that inflicted upon Tautahus of old. Water, it is true, is still plentiful and cheap, but the fruits of the earth hang just too high for the multitude. To reach even the necessaries of life, many have to stretch their finances almost to the breaking point. Flour and bacon, fresh meats and vegetables are in abundance on every hand, but the more abundant they are the higher they seem to get. The gods of nature mock us with an avalanche of wheat and of eatables of all descriptions which are continually ascending beyond our means. As for fruits—strawberries, cherries, blackberries and the like—the poor poppa Tantalus gazes at them in vain as he sadly stands in the market places. His mouth waters, his palate yearns for them, but they a re beyond his grasp. He understands now what his ancient prototype suffered."

## BRILLIANT METEOR

Shortly after seven o'clock yesterday evening a dazzling meteor passed over Alexandria, traveling in a southwesterly direction. It startled people in other parts of Virginia and in Maryland.

The meteor passed over Cambridge, Md., at 7:15. A moment later houses in the city were shaken by a tremendous explosion, which was heard by thousands.

A phenomenon destribed as a ball of fire, with a long tail, was sighted at Newport News, and at several points between there and Williamsburg, about 30 miles distant yesterday evening.

# REO

## "Speed Wagon" The Pioneer
## Still the Leader

As you who have read Reo literature for a decade past, know, we are not given to extravagant use of superlatives nor to affixing the Reo signature to exaggerated statements. We do feel, however, that we are justified in reminding you that Reo was the pioneer in a development that has wrought a tremendous revolution in the motor truck business, in the design, construction and in the utilization of the motor vehicle in countless lines of industry and trade.

This was the development of the medium size motor truck which we named the "Speed-Wagon" because it was capable of speeds greater than those at which trucks were previously considered practical.

This greater speed was due to two departures from former practices; first an higher gear ratio, and second, mounting on pneumatic tires. Reo engineering is, at the same time, the most conservative and the most progressive. To put it another way, we aim to be progressively conservative.

Having built trucks for many years; having accumulated a wealth of experience at a time when others were just beginning; we conceived the idea that a truck capable of twice the speed would not only carry as great a load in two trips as one twice the capacity, but that the life of such a truck, if mounted on pneumatic tires, would be nearly twice that of the one mounted on solid tires.

Of course the greater speed necessarily implied pneumatics.

The old time truck—and the greater majority of those still built—is mounted on solid tires, and so is incapable of speeds greater than ten to twelve miles an hour without great deterioration.

May we demonstrate this truck to you.

## KILLED MAN WITH HIS FIST

**West Virginian Guilty of Involuntary Manslaughter**

Clarksburg, W. Va., June 14.—John Martin was found guilty of involuntary manslaughter for the murder of Henry Barth in the most peculiar murder case ever heard in the local courts. The two men quarrelled on the street. Martin struck one blow with his fist and he fell over and died instantly. His neck was dislocated, and there were no marks on his body not even discolorations. The prosecution asked for a verdict of voluntary manslaughter, while the defense contended that the killing was involuntary.

## WIDER STRIKE IN VIEW

**Railroad Telegraphers to Refuse Commercial Messages**

Chicago, June 14.—The second stage of the commercial telegraphers' strike will be reached today when railroad operators at 23,000 points in America are to discontinue handling commercial messages under an order issued by the Order of Railway Telegraphers.

Such action strike leaders declared last night, will tie up all commercial telegraph business, except between the larger cities, in which the Western Union and Postal Telegraph Companies maintain their own offices. Officials of the Postal said that company would not be affected by the order, as little Postal business is handled through railroad stations. Western Union officials, while expressing belief that the order would be rescinded, predicted that its effect would not have serious results. They estimated that the 23,000 points handling commercial business over railroad wires do not average more than five messages each day.

## EXTRA SESSION

Richmond, June 14.—S. L. Lupton last night announced that more than enough names have been obtained to petitions to assure the calling of an extra session of the state legislature to enact legislation which would match dollar for dollar appropriations made by the Federal government for post roads in Virginia. Senators Addison and Strode signed the petition yesterday, giving a majority in the upper branch. It is expected Governor Westmoreeland Davis will issue the necessary proclamation within a few days.

## DANGERS OF A COLD

**Alexandria People Will Do Well to Heed Them**

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Alexandria resident's example:

C. E. Davis, fireman, truck and engine company No. 1, says: "I have used Doan's Kidney Pills off and on for a good many years and they have always given me wonderful relief. My trouble has been brought on by being out in all kinds of weather and catching colds which settle in my kidneys. Then my back gets sore and weak and I can hardly get around. The kidney secretions will pass irregularly and make me get up often at night. However. I find I can rely on Doan's Kidney Pills to give me the desired relief. My kidneys have never been in bad condition since I started using Doan's Kidney Pills for those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same tha Mr. Davis had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

## GLAD TO TESTIFY

**Says Watoga Lady, "As to What Cardui Has Done for Me, So As To Help Others**

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

### NEGRO KILLED BOY

**Suspect in Washington Accuses Companion of Duvall Murder**

Charles Ross, a gardener at Trinity College, Washington, declared yqesterday that Robt. L. Hawkins, a young negro from Cumberland, Md., fired the shot that killed Richard H. Duvall, 15 year old former inmate of St. Mary's Industrial School.

Duvall was killed Monday night, his body being found in the wood near the college Tuesday afternoon.

According to the police, Ross, after two days of questioning, said he and Hawkins were walking along the railroad tracks near the college when Duvall, who had been decoyed into meeting them, was led some distance away and shot by the negro. Ross admitted that he had pulled one of Duvall's shoes from his foot and had taken $29 from it, dividing the money with Hawkins.

Later in the day Hawkins was questioned and maintained his innocence. He was confronted with Ross and still held out that he was not responsible for the crime. Ross made a second statement, this time in the presence of Hawkins, repeating that what he had said earlier. It has been learned that Ross has served a prison sentence

**The Buick Six**

**The Car with the Valve-in Head Motor**

For years the experts in charge of the manufacture of engines for the Buick Motor Company, searched for a motor which would overcome defects common in motors several years ago. At last they hit upon the valve-in-head motor as a solution of the problems confronting automobile manufacturers the world over.

And since the beginning of the building of the valve-in-head motor, the Buick's popularity has gained rapidly until now it is one of the best sellers on the market.

The demand for Buick cars far exceeds the supply. Even in Alexandria, this is the case, and we are far behind on our orders for this popular car. Dozens of prospective purchasers, already signed to a contract for a car are waiting patiently for the delivery of a Buick rather than to purchase some other car out of which they might not get the same service as is insured when they buy a Buick.

Test after test has been put to this car, by manufacturer and owner and every time the Buick has proven itself a winner. We are ready and willing, at all times, to demonstrate this wonderful car and you have but to call on us to find out the truth of our statements. The Buick comes in the following models:

| | | | |
|---|---|---|---|
| Model H-44, 3 Passenger Roadster | $1625.00 | Model H-45, 5 Passenger Touring | $1625.00 |
| Model H-46, 4 Passenger Coupe | $2135.00 | Model H-47, 5 Passenger Sedan | $2355.00 |
| Model H-49, 7 Passenger Touring | $1925.00 | Model H-50, 7 Passenger Sedan | $2760.00 |

THESE PRICES ARE ON CARS DELIVERED

**Fletcher Motor Company**

We Want to Demonstrate These Cars to You

**Popularity**

**Is the word that sells automobiles today. The car without it is an unknown quality and buyers will always choose that one which is known by performance.**

Store Your Car with us The Largest Garage in the City

**Hudson** **Essex** **Maxwell**

Whenever motor cars are known, you will find these three. For years they have been the leaders in their class and their popularity grows with every sale.

The Hudson Super-Six needs but very little recommendation to motorists the country over, because of its wonderful performance whenever called upon. It has been a leader of big cars for many years and is becoming more popular every day. For speed or service, the Super-Six leads all competitors in its class. It is the sign of prosperity and is a favorite with at least 50 per cent of the most successful business men of the country. Place your order for a Super-Six now.

Although but a new car, the Essex Six is gaining rapidly in prestige throughout the country and at no very distant date bids fair to lead its class, as the Hudson leads larger cars. The Essex is designed by the same engineers who built the Hudson and it is a product of the Hudson Company. The body lines are graceful and comfortable and the engine is of the same type as the Super-Six, although built on smaller scale.

And where will you find a man, woman or child who has not heard of the Maxwell car. From the time automobiles first began to be seen on the roads, the Maxwell car has been one of the best known on the market. It is a beautiful car, well equipped and fairly powerful and the price is within reach of many who could not afford higher priced machines.

This trio of motor cars is without equal in the city and a demonstration will immediately convince anyone of the relative merits of each.

HOLLAND REFUSES

Paris, June 14.—Holland has notified the Peace Conference that the Government will not participate in a blockade against Germany in the event of the refusal of Germany to sign the peace treaty.

ADVERTISE

Geo.! Says—Don't complain about the profits
When your business takes a slump,
While competitors around you
Seem to have you on the jump;
Don't expect the buying public
To step up and patronize
A firm they never heard of—
Come to life and advertise.

Don't blame the weather and the times
When patronage is poor.
While across the street your neighbor,
Seems to prosper and endure,
Just investigate his methods
And you'll find to your surprise
He's a chap with an "Elliott" sign
And knows how to advertise.

Perhaps you are an advocate
Of something "just as good"
Because it pays a little more,
Your profit you conclude;
But if you'll only take the time
To stop and analyze
You'll find the guy with an Elliott Sign
Knows how to advertise.

You may know of distant planets
Never heard of heretofore;
You may find the "youthful fountain"
That the world is searching for;
You can stock your place of business
With the finest merchandise.
But the world will never know it
Not until you advertise.

### INGOMAR THEATRE

"Go Get 'Em Garringer," at the Ingomar Theatre tonight, is a real wild and woolly Western in five parts crammed with the atmosphere of the Arizona-Mexican borderland, full of stunts, cowboys and desperadoes.

For those patrons who like their Westerns hot, spicy and dashing, "Go Get 'Em Garringer" is a regular tabasco feast.

### GRAND THEATRE

Betty Brewster was rushing to San Francisco with a batch of documents, which, if delivered on time, would mean a fortune in beans for her father Father, in the meantime, was camped out at home with the belligerent gout.

On that trip, from her home in, Los Angeles to San Francisco, Betty was beset by relentless agents of her father's business opposition, who sought by all means to get the papers from her.

Did they succeed.

"The Woman Thou Gavest Me."

A magnificent picturization of "The Woman Thou Gavest Me," by Hall Caine, will be seen at the Richmond Theatre today. Hugh Ford, one of the most experienced of stage and screen producers, went to California to make the picture with a powerful cast which includes Katherine MacDonald, Milton Sills, Theodore Roberts, Jack Holt, Fritzi Brunette, Katherine Griffith and others.

"The Woman Thou Gavest Me," was produced upon the stage by the late Hall Caine, son of the author, in 1917, in Boston with success. As a novel it outsells all other works of Hall Caine.
